"Account Holder" The "Account Holder" is the person listed or identified as the holder of a Financial Account by the Financial Institution that maintains the account. This is regardless of whether such person is a flow-through Entity.

Thus, for example, if a trust or an estate is listed as the holder or owner of a Financial Account, the trust or estate is the Account Holder, rather than the trustee or the trust's owners or beneficiaries. Similarly, if a partnership is listed as the holder or owner of a Financial Account, the partnership is the Account Holder, rather than the partners in the partnership.

A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account, and such other person is treated as holding the account.

"Active NFE" An NFE is an Active NFE if it meets any of the criteria listed below. In summary, those criteria refer to:

- active NFIs by reason of income and assets;
- publicly traded NFIs;
- Governmental Entities, International Organisations, Central Banks, or their wholly owned Entities;
- holding NFIs that are members of a nonfinancial group;
- start-up NFIs;
- NFIs that are liquidating or emerging from bankruptcy;
- treasury centres that are members of a nonfinancial group;
- or
- Non-profit NFIs.

An entity will be classified as Active NFE if it meets any of the following criteria:

a) less than 50% of the NFE's gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the NFE during the preceding calendar year or other appropriate reporting period are assets that produce or are held for the production of passive income;

b) the stock of the NFE is regularly traded on an established securities market or the NFE is a Related Entity of an Entity the stock of which is regularly traded on an established securities market;

c) the NFE is a Governmental Entity, an International Organisation, a Central Bank, or an Entity wholly owned by one or more of the foregoing;

d) substantially all of the activities of the NFE consist of providing financing and services to, or one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an Entity does not qualify for this status if the Entity (or holds itself out) is an investment fund, such as a private equity fund,

cise control over an entity. Where that entity is treated as a Passive Non-Financial Entity ("Passive NFE") then a Financial Institution is required to determine whether or not these Controlling Persons are Reportable Persons. This definition corresponds to the term “beneficial owner” described in Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012).

In the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, or any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership). Under the CRS the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, are always treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the activities of the trust.

Where the settlor(s) of a trust is an entity then the CRS requires Financial Institutions to also identify the Controlling Persons of the settlor(s) and when required report them as Controlling Persons of the trust.

In the case of a legal arrangement other than a trust, “Controlling Person(s) means persons in equivalent or similar positions.

"Custodial Institution" means any entity that holds, as a substantial portion of its business, Financial Assets for the account of others. This is where the entity's gross income attributable to the holding of Financial Assets and related financial services equals or exceeds 20% of the entity's gross income during the shorter of: (i) the three-year period that ends on 31 December (or the final day of a non-calendar year accounting period) prior to the year in which the determination is being made; or (ii) the period during which the entity has been in existence.

"Depository Institution" means any entity that accepts deposits in the ordinary course of a banking or similar business.

"FATCA" FATCA stands for the Foreign Account Tax Compliance provisions, which were enacted into U.S. law as part of the Hiring Incentives to Restore Employment (HIRE) Act on March 18, 2010. FATCA creates a new information reporting and withholding regime for payments made to certain non-U.S. financial institutions and other non-U.S. entities. "Entity" means a legal person or a legal arrangement, such as a corporation, organisation, partnership, trust or foundation. This term covers any person other than an individual (i.e. a natural person).

"Financial Institution" means a “Custodial Institution”, a "Depository Institution", an “Investment Entity", or a “Specified Insurance Company”. Please see the relevant domestic guidance and the CRS for further classification definitions that apply to Financial Institutions.

"Investment Entity" includes two types of Entities:

(i) An Entity that primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer:

- Trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
- Individual and collective portfolio management; or
- Otherwise investing, administering, or managing Financial Assets or money on behalf of other persons.

Such activities or operations do not include rendering non-binding investment advice to a customer.

In the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, or any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership). Under the CRS the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, are always treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the activities of the trust.

Where the settlor(s) of a trust is an entity then the CRS requires Financial Institutions to also identify the Controlling Persons of the settlor(s) and when required report them as Controlling Persons of the trust.

In the case of a legal arrangement other than a trust, “Controlling Person(s) means persons in equivalent or similar positions.

"Custodial Institution" means any entity that holds, as a substantial portion of its business, Financial Assets for the account of others. This is where the entity's gross income attributable to the holding of Financial Assets and related financial services equals or exceeds 20% of the entity's gross income during the shorter of: (i) the three-year period that ends on 31 December (or the final day of a non-calendar year accounting period) prior to the year in which the determination is being made; or (ii) the period during which the entity has been in existence.

"Depository Institution" means any entity that accepts deposits in the ordinary course of a banking or similar business.

"FATCA" FATCA stands for the Foreign Account Tax Compliance provisions, which were enacted into U.S. law as part of the Hiring Incentives to Restore Employment (HIRE) Act on March 18, 2010. FATCA creates a new information reporting and withholding regime for payments made to certain non-U.S. financial institutions and other non-U.S. entities. "Entity" means a legal person or a legal arrangement, such as a corporation, organisation, partnership, trust or foundation. This term covers any person other than an individual (i.e. a natural person).

"Financial Institution" means a “Custodial Institution”, a "Depository Institution", an “Investment Entity", or a “Specified Insurance Company”. Please see the relevant domestic guidance and the CRS for further classification definitions that apply to Financial Institutions.

"Investment Entity" includes two types of Entities:

(i) An Entity that primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer:

- Trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
- Individual and collective portfolio management; or
- Otherwise investing, administering, or managing Financial Assets or money on behalf of other persons.

Such activities or operations do not include rendering non-binding investment advice to a customer.
The second type of “Investment Entity” (“Investment Entity managed by another Financial Institution”) is any Entity the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets where the Entity is managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or the first type of Investment Entity.

“Investment Entity located in a Non-Participating Jurisdiction” The term “Investment Entity located in a Non-Participating Jurisdiction and managed by another Financial Institution” means any Entity the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets if the Entity is (i) managed by a Financial Institution and (ii) not a Participating Jurisdiction Financial Institution.

“Investment Entity managed by another Financial Institution” An Entity is “managed by” another Entity if the managing Entity performs, either directly or through another service provider on behalf of the managed Entity, any of the activities or operations described in clause (i) above in the definition of ‘Investment Entity’.

An Entity only manages another Entity if it has discretionary authority to manage the other Entity’s assets (either in whole or part). Where an Entity is managed by a mix of Financial Institutions, NFEs or individuals, the Entity is considered to be managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or the first type of Investment Entity, if any of the managing Entities is such another Entity.

“NFE” is any Entity that is not a Financial Institution.

“Non-Reporting Financial Institution” means any Financial Institution that is:

- a Governmental Entity, International Organisation or Central Bank, other than with respect to a payment that is derived from an obligation held in connection with a commercial financial activity of a type engaged in by a Specified Insurance Company, Custodial Institution, or Depository Institution;
- a Broad Participation Retirement Fund; a Narrow Participation Retirement Fund; a Pension Fund of a Governmental Entity, International Organisation or Central Bank; or a Qualified Credit Card Issuer;

“Participating Jurisdiction” A “Participating Jurisdiction” means a jurisdiction with which an agreement is in place pursuant to which it will provide the information set out in the CRS.

“Participating Jurisdiction Financial Institution” means

(i) any Financial Institution that is tax resident in a Participating Jurisdiction, but excludes any branch of that Financial Institution that is located outside of that jurisdiction, and
(ii) Any branch of a Financial Institution that is not tax resident in a Participating Jurisdiction, if that branch is located in such Participating Jurisdiction.

“Passive NFE” Under the CRS a “Passive NFE” means any:

(i) NFE that is not an Active NFE; and
(ii) Investment Entity located in a Non-Participating Jurisdiction and managed by another Financial Institution.
“Related Entity” An Entity is a “Related Entity” of another Entity if either Entity controls the other Entity, or the two Entities are under common control. For this purpose control includes direct or indirect ownership of more than 50% of the vote and value in an Entity.

“Reportable Account” The term “Reportable Account” means an account held by one or more Reportable Persons or by a Passive NFE with one or more Controlling Persons that is a Reportable Person.

“Reportable Jurisdiction” is a jurisdiction with which an obligation to provide financial account information is in place.

“Reportable Jurisdiction Person” is an Entity that is tax resident in a Reportable Jurisdiction(s) under the tax laws of such jurisdiction(s) - by reference to local laws in the country where the Entity is established, incorporated or managed. An Entity such as a partnership, limited liability partnership or similar legal arrangement that has no residence for tax purposes shall be treated as resident in the jurisdiction in which its place of effective management is situated. As such if an Entity certifies that it has no residence for tax purposes it should complete the form stating the address of its principal office.

Dual resident Entities may rely on the tiebreaker rules contained in tax conventions (if applicable) to determine their residence for tax purposes.

“Reportable Person” is defined as a “Reportable Jurisdiction Person”, other than:

• a corporation the stock of which is regularly traded on one or more established securities markets;
• any corporation that is a Related Entity of a corporation described in clause (i);
• a Governmental Entity;
• an International Organisation;
• a Central Bank; or
• a Financial Institution (except for an Investment Entity described in Sub Paragraph A(6) b) of the CRS that are not Participating Jurisdiction Financial Institutions. Instead, such Investment Entities are treated as Passive NFE’s.)

“Resident for tax purposes” Generally, an Entity will be resident for tax purposes in a jurisdiction if, under the laws of that jurisdiction (including tax conventions), it pays or should be paying tax therein by reason of its domicile, residence, place of management or incorporation, or any other criterion of a similar nature, and not only from sources in that jurisdiction. Dual resident Entities may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for determining their residence for tax purposes. An Entity such as a partnership, limited liability partnership or similar legal arrangement that has no residence for tax purposes shall be treated as resident in the jurisdiction in which its place of effective management is situated. A trust is treated as resident where one or more of its trustees is resident. Resident for Tax Purposes:

An Entity is treated as “Resident for Tax Purposes” in a jurisdiction if it pays or should be paying tax therein by reason of its domicile, residence, place of management or incorporation, or any other criterion of a similar nature, and not only from sources in that jurisdiction. Dual resident Entities may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for determining their resident jurisdiction.

A trust is treated as resident where one or more of its trustees is resident. For additional information on tax residence, please talk to your tax adviser or see the following link: http://www.oecd.org/tax/transparency/automaticexchangeofinformation.htm

An Entity such as a partnership, limited liability partnership or similar legal arrangement that has no residence for tax purposes shall be treated as resident in the jurisdiction in which its place of effective management is situated. As such if an Entity certifies that it has no residence for tax purposes it should complete the form stating the address of its principal office.

Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification (a “functional equivalent”). Examples of that type of number include, for Entities, a Business/company registration code/number.
