7. Allotment Policy

Subject to the Ownership Limitations as provided in the Banking Law and the Bank's Articles of Association, the allotment of the New Shares will be as stated, and in the same order of priority, below.

First, to Eligible Persons who subscribe for New Shares in an amount equal to the number of New Shares for which they have applied, to the extent that such number is equal to or less than the number of Rights they respectively hold at the end of the Rights Trading Period.

Second, to the extent that any New Shares remain unsubscribed thereafter, to Eligible Persons who subscribe for Additional New Shares in an amount equal to the number of Additional New Shares for which they have applied in excess of the number of Rights they respectively hold.

The allocation of Additional New Shares to Eligible Persons who have subscribed for Additional New Shares will be allocated after allocations to Eligible Persons who have subscribed for a number of New Shares equal to or less than the number of Rights they hold will be on a *pro rata* basis, scaled back (if necessary) in accordance with the proportion that the number of Additional New Shares requested by the Eligible Person represents to the total number of Additional New Shares requested by all Eligible Persons who subscribed for Additional New Shares. Therefore, there is no guarantee that Eligible Persons applying for Additional New Shares will receive the number of Additional New Shares for which they applied. No Eligible Person will receive more New Shares than the number for which they subscribed during the Subscription Period.

It is important for the Shareholders and subscribers to note that, as per the Offering Rules, ownership of Rights of non-UAE Eligible Persons and subscribers cannot result in exceeding the Ownership Limitations provided for in the Banking Law and the Bank's Articles of Association. Consequently, allocation of New Shares or Additional New Shares to Eligible Persons would need to comply in priority with the Ownership Limitations, and therefore scaled back (if necessary) to satisfy first and foremost the Ownership Limitations. Therefore, in addition to the general allocation process described above, there is also no guarantee that Eligible Persons applying for New Shares equal to or less than the number of Rights they hold and/ or applying for Additional New Shares will receive the number of New Shares and / or Additional New Shares for which they applied as they may receive less New Shares than the number for which they subscribed during the Subscription Period and thus to comply with the Offering Rules and the Ownership Limitations.

Shareholders, subscribers, and Eligible Persons acknowledge that any scale-back implemented to comply with the Ownership Limitations shall be applied on a pro rata basis based on each non-UAE Shareholder, subscriber, and/or Eligible Persons' percentage of ownership. The Bank shall ensure that such allocation follows the principle of fair, reasonable and equitable treatment in its sole discretion.
